Shape of the Week Overview:

Shape of the week is a 10-week program that covers 4 days/week. This no-prep, print-&-go set gives students two shape themed activities for each day. Shape of the week coordinates perfectly with our Letter of the Week program, however it can be used independently as well.

SAMPLE

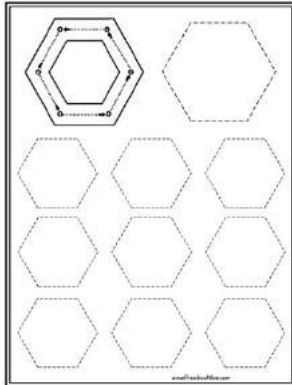

Week 1	Circles
Week 2	Squares
Week 3	Triangles
Week 4	Ovals
Week 5	Rectangles
Week 6	Trapezoids
Week 7	Diamonds
Week 8	Hexagons
Week 9	Hearts
Week 10	Stars

Monday:

Shape Chart: Introduce students to the shape of the week with a colorful chart that features the shape attributes.

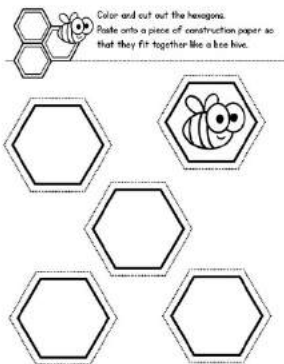

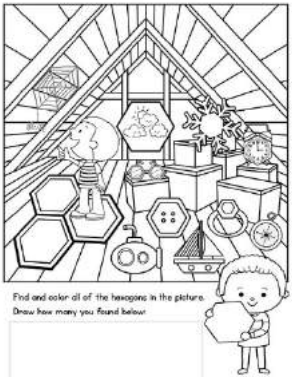

Shape Maze: A fun shape maze for students to solve. Just below is shape symmetry and a dot-to dot activity.

Tuesday:

Shape Trace: Students practice tracing and drawing their shapes. Encourage students to use different colors for each shape.

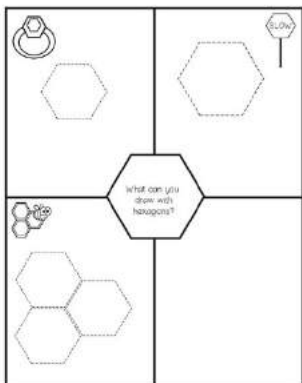

Shape Playdough Mat: A simple way to get students working with their hands.

Wednesday

Shape Find: Students practice visual discrimination skills as they hunt for shapes.

Shape Craftivity: A fun cut and paste activity featuring the shape of the week. These are super simple and very low-prep.

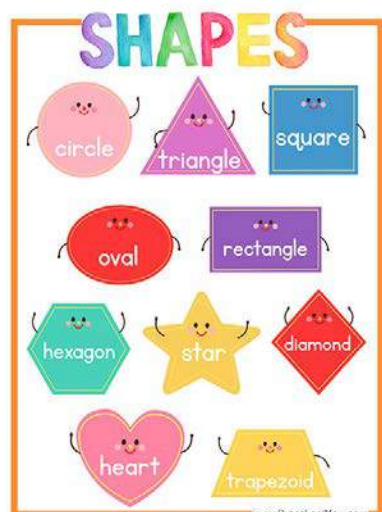

Thursday:

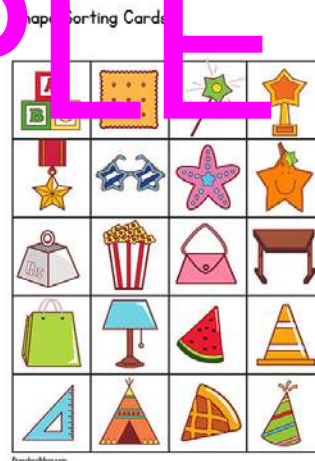

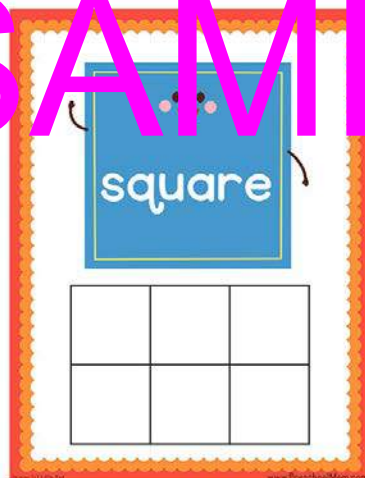

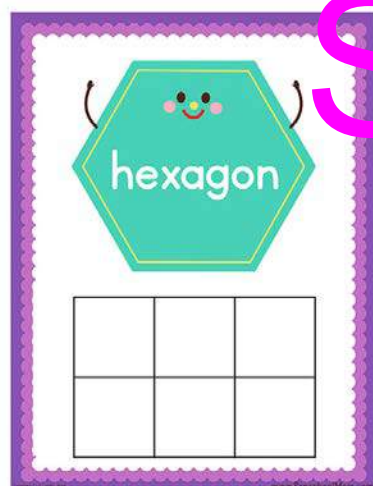

Draw with Shapes: A fun activity for children to draw real life items with their shapes.

Shape Dab-&-Dot: A fun hands-on on activity to build shapes.

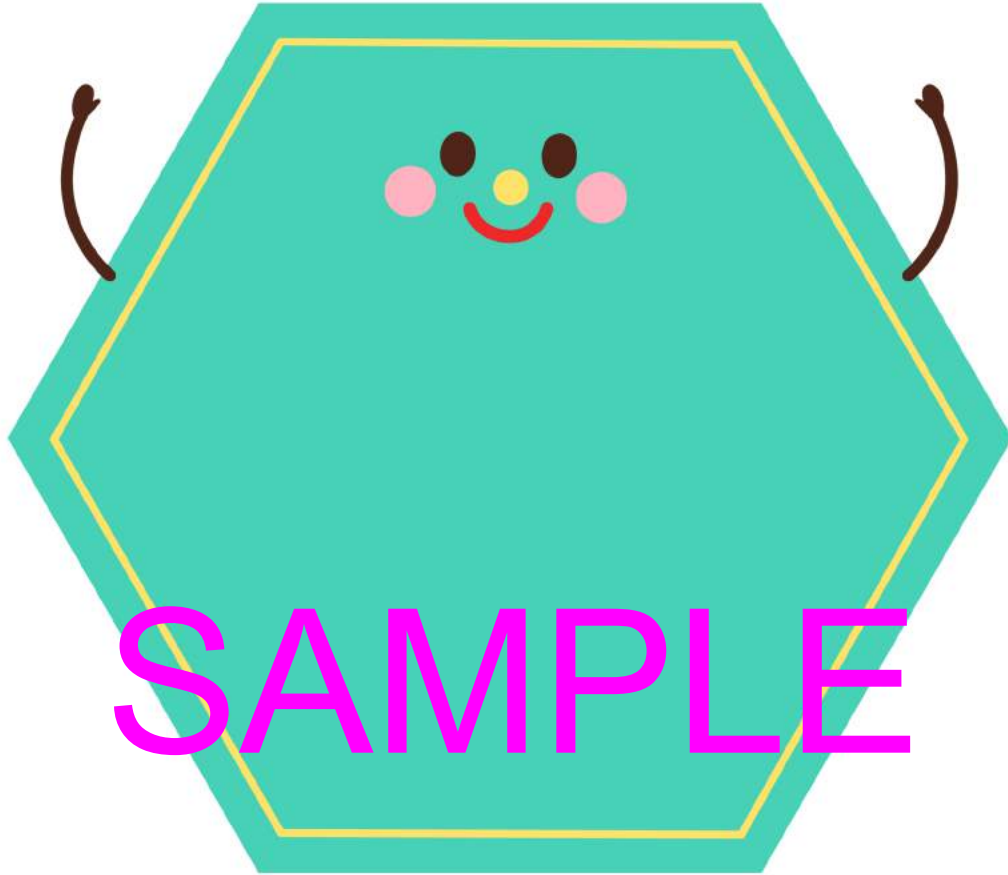

Appendix:

Shapes Review Chart: A beautiful, full color shapes chart you can use as a review tool for students who have completed the program.

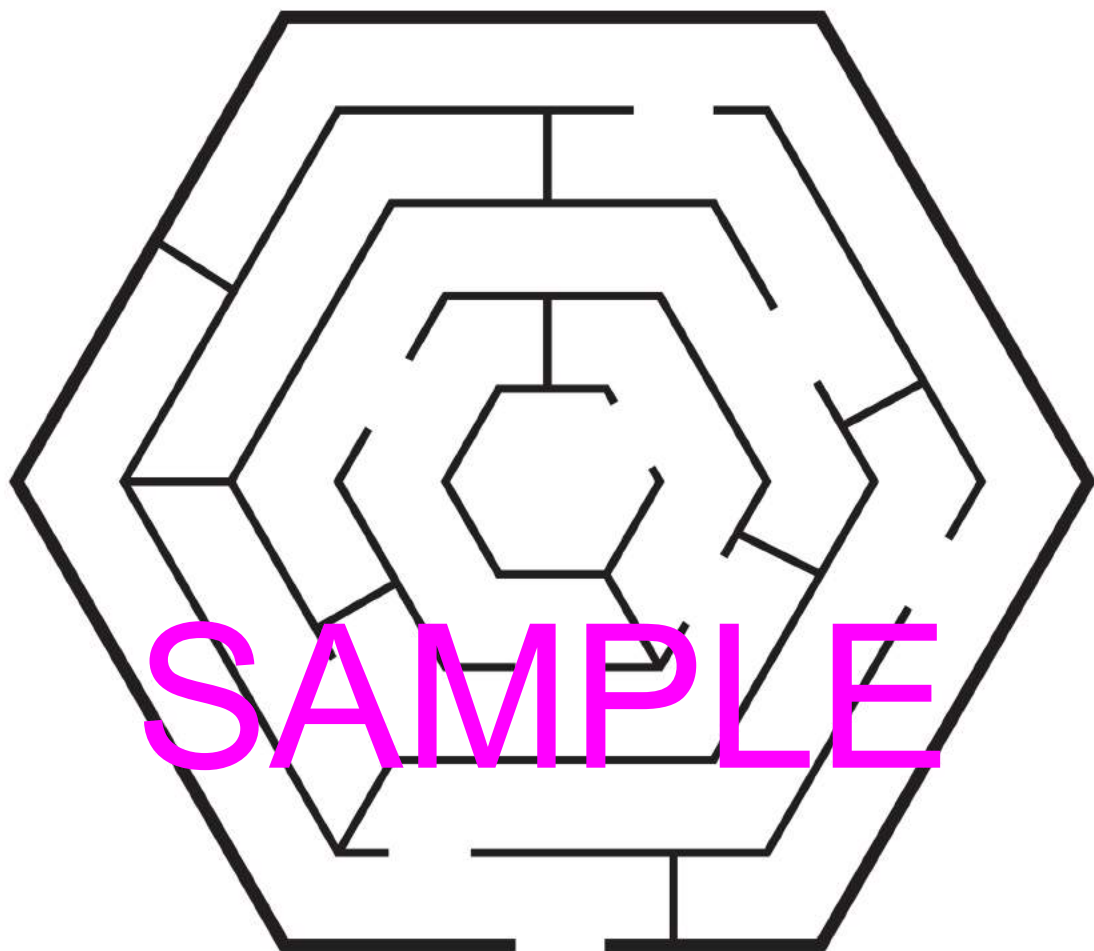

Shape Sorting Game: This game can be used weekly for reviewing shapes. Students choose a picture card and match it to the correct shape mat. This can easily be turned into a multiplayer game for use in your learning centers.

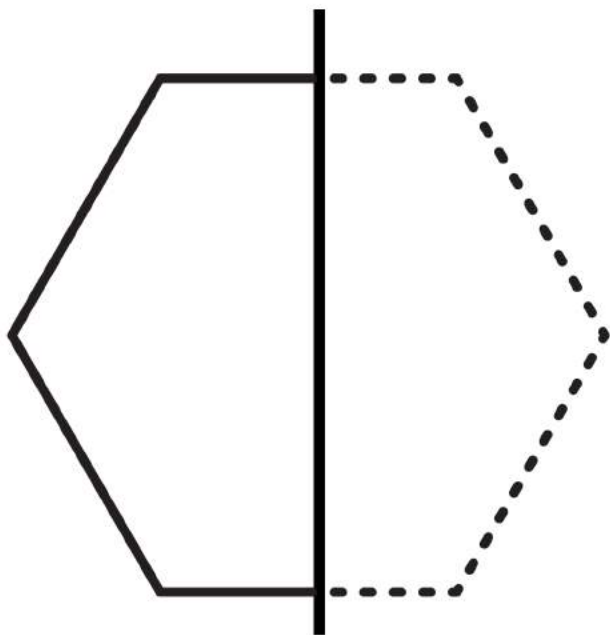

Hexagon

Hexagons have 6 sides.
Hexagons have 6 corners.

Shape Dot-to-Dot

SAMPLE

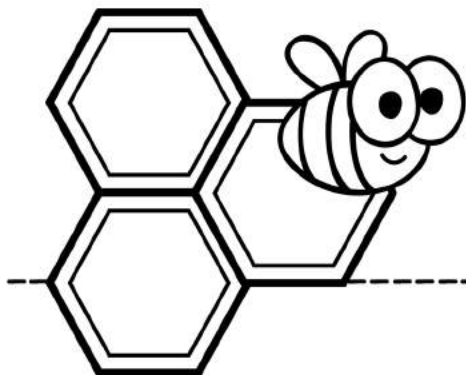

SAMPLE

Hexagon

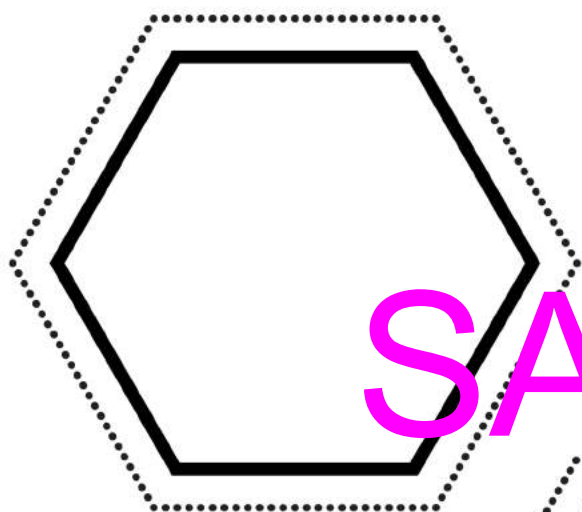

Find and color all of the hexagons in the picture.
Draw how many you found below:

A large empty rectangular box for drawing the count of hexagons found.

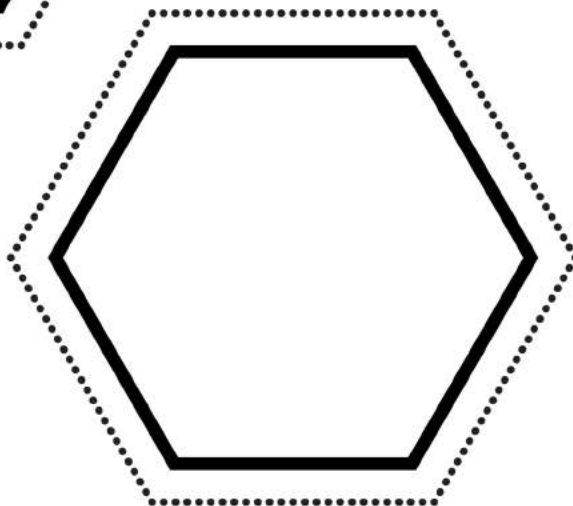

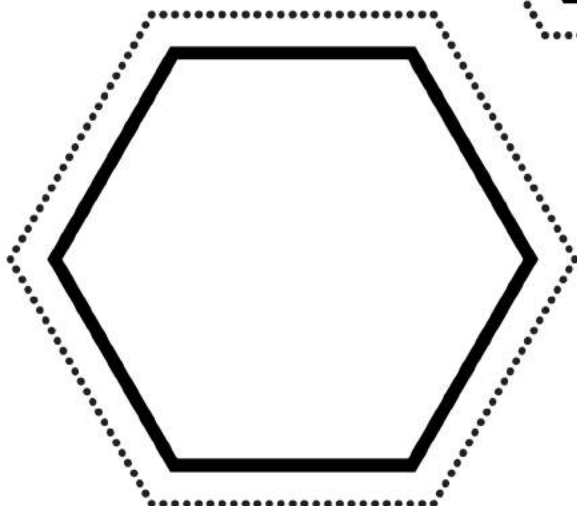

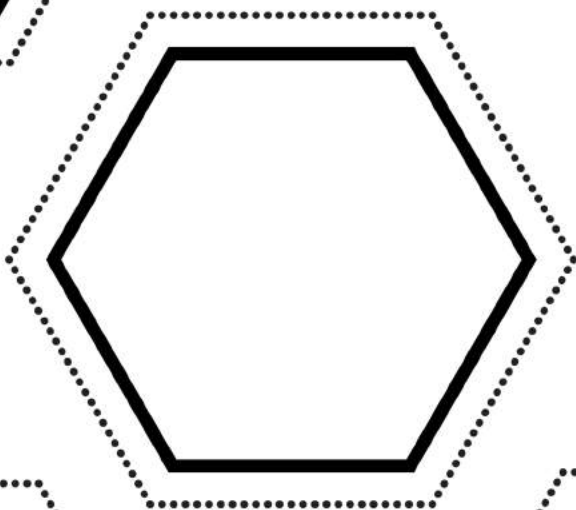

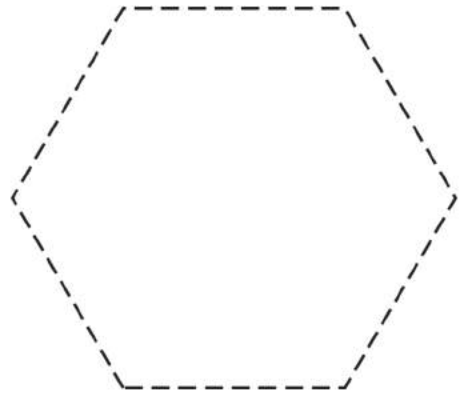

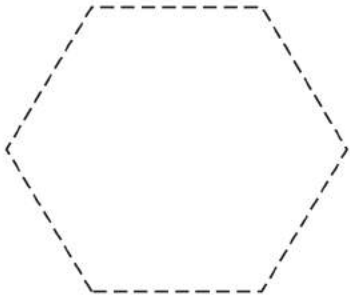

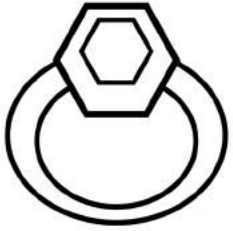

Color and cut out the hexagons.

Paste onto a piece of construction paper so that they fit together like a bee hive.
