## 50 States Brochures Research Pack

**Contents:** This set includes 50 state brochures for students to use as a research report outline.

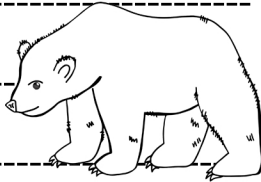

**Printing Tips:** There are two pages for each state brochure, print double-sided, flip on short edge for correct formatting. Use cardstock if possible, for a stronger brochure with less bleed through the ink. Alternatively, printing on “fast-draft” will use less ink and result with less bleed through thinner paper.

**How to Use:** These brochures are ready to go! Send your students on an independent research report for them to fill in all the different state facts. Each brochure provides room to record the following information (as applicable):

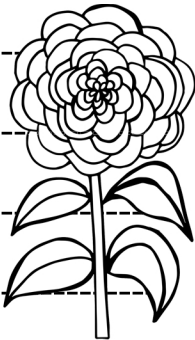

- State Map
- State Nickname
- State Motto
- State Flag
- State Animal
- State Flower
- State Bird
- State Insect
- State Fish
