## Product Features:

Our 50 States Minibook Pack teaches fun facts about all 50 States in an exciting and interactive way. With over 550 pages of highly engaging and hands-on state resources for history and geography lessons, your students will explore all USA states and their unique features. Students start by finding and marking the state capitals, learning how to sign and spell the state in ASL, color, and so much more. These fifty states minibooks allow students to build their own state notebooks, journals, or state reports. Children will simply research, color, and write about each state animal, capital, tree, flower, bird, landmarks, insects, and more! Plus, they'll learn how to sign and spell the state in American Sign Language.

## Needs:

Students will need a set of colored pencils, markers, or crayons.

## How to Use:

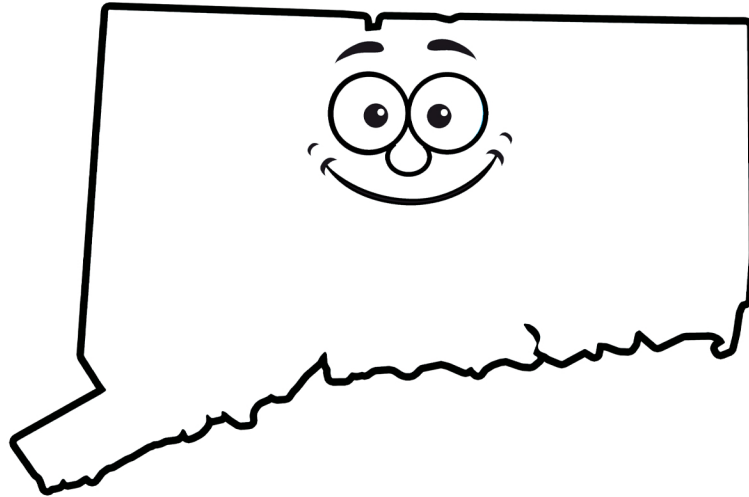

These minibooks can be used as a supplement or unit study on a daily or semi-daily basis. Students will easily increase their knowledge on all fifty states by learning their geography, capital, flower, bird, and much more! Our 50 States minibooks are so much fun to assemble! To assemble, simply print all pages in order, stack each state's pages, and staple on the designated lines. Cut in half horizontally for two complete minibooks.

These versatile minibooks can be used as morning work, learning stations, and take-home papers. Our 50 states activities are designed to build students' knowledge of all U.S.A.'s 50 States. Reinforce their learning with Nifty Fifty States songs and readily available maps.
