Product Features:

This set of arctic animal printables features coloring and fine motor practice paired with fun animal science facts for young learners.

How to Use:

These color and learn worksheets are great for using with younger students as they provide fine motor practice along with engaging animal pictures and general science knowledge. Your preschoolers will love coloring the arctic animals while learning about biomes and habitats. These arctic animal coloring pages were created with the understanding that preschool science exposure is a crucial part of a young child's learning and development.

Needs:

Students will need a set of colored pencils or crayons.

Aa

Arctic wolves
only eat meat
which means
they are
carnivores.

Arctic Wolf
