What Our Customers are Saying...

This is the best resource ever! It is perfect for my students with modified spelling lists! It is so easy to use!!

-Amber S.

Wow! **This is amazing and will save so much time** – thank you!

-Sarah Nixon

We homeschool and use All About Spelling. While we love AAS, it doesn't always give enough practice for writing the words with which the student struggles. This resource was perfect for that! My second grader was excited to try that fun game. **I loved how easy it was to plug in the words** I wanted and change them as needed.

Editable Fine Motor Spelling Pack

REQUIRED MATERIALS

- Dice
- Bingo Daubers
- Spinner (or Pencil & Paperclip)
- Scissors
- Crayons
- Markers

What's Included:

This pack includes 18-pages of spelling list games, activities, and assessment resources.

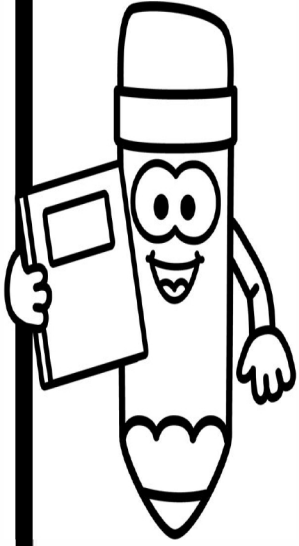

How to Use:

Follow the 5-Step instructions on the first page of this document (see above). Then, on the first editable page of the document, you'll type in your spelling list one time. It will then autofill to the other pages in the pack!

You can type up to 12 word into this spelling list pack (we suggest 10 new words, and 2 review words). It's not recommended to use less than 12 words as many of the games require the correct amount to be played properly. If your student is working on less than 12 words, simply type in additional review words to ensure the activities are filled completely. There is no harm in practicing previous spelling words.

You can then "Print" and/or "Save As" so your student can work on that word with all the different activities. Just be sure to rename the file to something unique when you save.
